

Rugged • Tough • Durable

Rugged • Tough • Durable

- a** Patented skid resistant surface to reduce unwanted cargo movement
- b** Vertical and Horizontal board holders for two-tier and compartmental loading. D-Tents hold boards securely in place.
- c** Attention to detail includes cup holders in the tailgate
- Fully integrated with Cargo Management System
- I-Beam floor construction for superior impact resistance and moisture dissipation

thinking about spray-on?

Features	Spray-On Coatings	GM Bedliner	Results
Impact Resistance	BASELINE	Up To 7X BETTER	Testing shows that 483 ft. pounds of force is required to dent sheet metal through a GM Bedliner compared to 67 ft. pounds of force to dent sheet metal through the leading spray-on coating. ⁽¹⁾
Abrasion Resistance	BASELINE	Up To 4X BETTER	Testing shows it takes more than 200,000 scuff cycles to penetrate a GM Bedliner compared to 43,000 scuff cycles to penetrate the leading spray-on coating, resulting in potential damage to the truck bed. ⁽¹⁾
Ultraviolet Resistant Fading	BASELINE	Up To 8X BETTER	Ultra-violet weathering tests show GM Bedliners are up to 850% more resistant to ultra-violet fading than the leading spray-on coatings. ⁽²⁾
100% Recyclable	NO	YES	GM Bedliners are made of nearly 100% recyclable materials. Spray-on coatings are not recyclable and may impair the ability to recycle the truck's sheet metal.

¹ Testing conducted by Bjorksten Research Laboratories, April 2008

² Testing conducted by Detroit Testing Laboratory, Inc., April 2008

GM Accessories permanently installed at the time of new vehicle delivery are covered under the New Vehicle Limited Warranty. If installed after delivery, coverage (parts and labor) is for the balance of the new vehicle limited warranty or a minimum 12 months/12,000 miles. GM Accessories not requiring installation or purchased over the counter carry a 12 month limited warranty (parts only).
